Welcome Cyber Squad!

We hope you're ready to learn audio & video production! We've put together fun activities, interviews, and extra resources for you.

How It Works

In order to complete this program, you must first [register on our Program Calendar](#). Soon after you register, you will receive an email giving you instructions on how to join [ReadSquared](#), our reading program software, where you will complete the missions for each module. You can work on the projects at your own pace, but you must complete the entire program within the allotted time frame (Oct 12 - Dec 18, 2020) in order to receive a TeenHQ bag of swag and be entered to win an Oculus Go Virtual Reality headset.

In this document you will find instructions on how to complete each mission in the Audio and Video Production Module, biographies of community professionals, and links to helpful resources (Ctrl + click the underlined words).
