**Wrath**  
By K'wan

Jonas Rafferty's life changes when he crosses paths with rogue homicide detective Louis "Lou" Ceavers and is offered a bargain that will change the course of his life.  
**FICTION K'wan**

Urban fiction is also known as street lit or street fiction. It is written primarily by African-Americans and is as much defined by the socio-economic realities and culture of its characters as the urban setting. The tone for urban fiction is usually dark, focusing on the underside of city living. Profanity, sex, and violence are usually explicit, with the writer not shying away from or watering-down the material. -- from Goodreads
